Description - LIEPĀJA v.1.1 (patch)

Thank you for downloading the map and patch! Liepāja is a map that shows the real city of Latvia - Liepāja. The map (version 1.1) contains currently 11 real drivable bus routes.

This map is a non-commercial project. It uses materials created by other people whom may change the availability of their content.

Big thanks to – Dark Wolf, Moskur, O.L.K., Pennermasters, Yufa, Marcel, Tomdresden, ADDON Simple Streets, ADDON gcW, Buildings MC, Buildings RUE, ETS converts, GamesAry, Great Grundorf2, DFI, Kreuz MC, Nemolus objekte, RZD objects, Trees MC, Addon X10 and other – authors for splines and objects to this map.

We would like to say a greatest thanks to **AS Liepājas autobusu parks (LAP)** for audio notifications (Announcements).

If you find any bugs, please include a detailed description about the problem and send me a message to my e-mail address – raimis1997@inbox.lv .

Installation:

- To manage LIEPAJA v.1.1 patch, you must download the first version of this map (liepaja.webutu.com)!
- If you have first version of Liepaja then you can install this patch!
- To install this patch you should move all files from archive to main folder of Omsi 2.
- Open OMSI 2 and tick "Load map without busses". Then choose "LIEPAJA" and have fun!

Please do not distribute the map without the author (Spanky) written consent.
